BIRTHS REGISTERED IN THE TOWN OF WINDHAM: 1887-1998*
Records are from the Town of Windham Annual Reports

The first records in the Town Report appeared in 1887. This index starts with that Report and includes Reports through 1998*. Entries appear in the Report of the same year as noted in the first column, unless it appears in a later Report. In such cases, the date of the Report the entry is in, is indicated by a date in parentheses, as "06/18/1923(1925)". Some entries do not have the child's name. This is indicated by "Infant" followed by the sex. When it is indicated that the child was stillborn, the letter "(S)" appears in the "Name of Child" column.

The entire file is sorted by the father's last name (column 3). In some cases, the father's name is not listed. This is indicated by "[No entry]". In order to avoid having such entries all collect at the bottom of the index when sorted by the third column, the [No entry] statement is preceded by the mother's last name if known. Four question marks (????) indicates no last name is listed in the Report. An entry marked "[sic]" indicates an apparent discrepancy in spelling, and that the entry has been copied exactly as it appears in the Report. Notes, indicated by a superscript number (⁴) in an entry, appear on the last page.

*Because of a change in the format effective with the 1999 Report, a second file has been started for 1999 and following years.

NOTES

1. Although the child is listed as "Female", "Francis" is spelled with an "i" in the Report.
2. The sex of the infant is not listed in the Report.
3. This entry is dated 09/23/64 in the 1963 Report. The month is corrected to 10/23/64 in the 1963 Report.
4. The letters worked from are faint or broken. Some letters or digits are guesses.
5. See Jaraskeyski, Jaroszewski, Javoskey, Jaroshepski, Jaroshepsky. The wife's name is listed as Stets, Stetz, Stety.
6. The meaning of "Fox" is unknown.
7. The child's last name is listed as Jaroshewski, not O'Brien.
8. The last name is "Dean" in the child's listing and "Deane" in the father's listing
9. The child's name is listed as Jerry W. Morrow. The father is listed as "Unknown". The name Morrow has been inserted in the "Name of Father" column so the child can be located in the Father sort. The mother's name, as listed, is Norma J. Phillips. [A Norma J. Phillips married Donald L. Parker on 1/25/50.]
10. There is no explanation as to why the child is a "3rd" when his name is different than the father's.
11. Unknown whether "Vee" is a middle name or a part of last name. Therefore, it is entered both ways.
